

PRODUCT CATALOGUE

POWDER DETERGENT FOR WHITES & COLORS

Thanks to its specially formulated enzymes, it recognizes different types of stains and removes them completely in the first wash. It provides deep cleaning even at low temperatures.

Fields of Use

With its formula developed for both whites and colors, it ensures effective cleaning with a single detergent. The polymer technology it contains prevents whites from turning gray and protects colored fabrics from fading. Its fast-dissolving feature ensures easy rinsing, leaving no residue or marks behind.

Volume

10 KG

LIQUID DETERGENT FOR WHITES & COLORS

Thanks to its specially developed formula for both whites and colored fabrics, it can be used on all types of laundry.

Fields of Use

With its stain recognition feature, it provides fast and deep cleaning for both white and colored clothes. It is effective even at low temperatures. Thanks to its special polymer technology, it prevents whites from turning gray without the need for bleach and helps preserve the pigments of colored fabrics, preventing color fading.

Volume

2915 ML

LIQUID DETERGENT FOR WHITES

Thanks to its powerful formula, it delivers superior whiteness from the very first wash.

Fields of Use

With multi-enzyme technology, it easily removes tough stains. The polymers in its formula help whites retain their original brightness, while protect care technology nourishes the fabric and extends the life cycle of your clothes.

Volume
